

Life on Planet Earth

Words and Music ©2006 Christopher M Solaas

Verse 1:

When I was young

I thought a spirit lived within the trees and grass

Rushing through the streams that flowed to the sea!

Then I was made to see!

Then Jesus set me free!

God's Spirit came to live in me!

Chorus:

OOOOOOOO!

Have you ever looked to see

The sunset on the sea!

Have you ever wondered at it's worth?

There's more to life than just existence, can't you see!?

I wonder if there's Life on Planet Earth!?

Verse2:

I look around and see the people
Rushing off each day to work
Never seeing what's around them
But they're not really blind!
Confusion clouds their minds
And hides the peace that comes from Him!

Chorus:

OOOOOOOO!
Have you ever looked around
In wonder at the world
From the moment of your second birth?
There's more to life than just existence, can't you see!?
I wonder if there's Life on Planet Earth!?

Verse3:

God says, that when we see Creation
We are ALL without excuse
His handiwork all testifies of Him!
The Stars and Galaxies
The mountains, lakes, and trees
All have the fingerprints of Him!

Chorus:

OOOOOOOO!
Did you know the one who made the heavens
Knows your name?
And He died to show you what you're worth!
There's more to life than just existence, can't you see!?
I hope you've found the Life on Planet Earth!
